About Me

I am an electrical engineering student with an interest in technology and the practical application of acquired knowledge. I enjoy working on technical problems and improving my skills. I have experience working in teams and adapting to various challenges. I strive to continually expand my knowledge through collaboration and projects. I am looking for an opportunity in the form of internships or entry-level positions, especially those involving mentorship and professional growth.

Education

ETF Sarajevo

Faculty of Electrical Engineering, University of Sarajevo

Ongoing

Currently in the second year of the bachelor's program, specializing in automation and electronics.

High School

High School of Electrical Engineering Sarajevo

Completed

Skills and Competencies

Programming Languages: C, C++, Python

Software: MATLAB

Databases: SQLite (basic)

Tools and Technologies: FPGA (Field Programmable Gate Arrays), PLC (Programmable Logic Controller), Arduino
